FEATURES	BENEFITS
The Remote-Controlled Egg Massager with Unparalleled Performance 	Lyla™ 2 Design Edition is among the most versatile of massagers; perfect for internal as well as external massage with wireless controls and SenseMotion™ Technology. No other egg-like massager has the range or possibilities, where the ultra-quiet controller adjusts vibration patterns at a greater distance than any product of its kind.
Wireless Controls with SenseMotion™ Technology 	The Lyla™ 2 controller adjusts vibration speed and intensity through the user's choice of 6 pre-set patterns or 2 SenseMotion™ modes. In SenseMotion™ settings a simple flick of the wrist will create new vibration patterns or you can control them directly through an easy-to-use 3-button interface.
Fully-Waterproof and Rechargeable 	Lyla™ 2 Design Edition and its wireless controller are both completely waterproof for easy cleaning and use in the bath or shower. Lyla™ 2 is also fully-rechargeable for added convenience (controller requires 2 AAA batteries – included).
