

solo: pleasure for you

Nova by We-Vibe™

Hop along, Rabbit.

Powerful dual stimulation like never before. Control your G-spot pleasure and let Nova's unique clitoral stimulator flex to stay in contact with your clitoris. Nova by We-Vibe™ combines fullness with true, simultaneous G-spot and clitoral stimulation.

Intensify your orgasms. You're in control with 10+ vibration modes to take your climax to new heights. Use the control buttons to change modes and intensity, and enjoy the ultimate pleasure — both inside and out. Mix it up to try new combinations, and make sure to take Nova in the bath or shower for a truly sensual experience.

Ask your partner to join in the fun. With the We-Connect™ app, you can control Nova from right next to you, from the next room — even from the next continent. Share control with your partner and enjoy some long-distance excitement that makes it feel like you're together no matter where life takes you.
