

Sliquid Naturals H₂O

PURIFIED WATER - Nature's purest ingredient, purified H₂O makes up 96% of this lubricant.

PLANT CELLULOSE - Derived from cotton, our plant cellulose serves as a natural, vegan friendly & gluten free thickening agent that gives Sliquid it's glide.

CYAMOPSIS - Otherwise known as Guar conditioners, Cyamopsis is a natural product derived from the Guar bean that conditions the Plant Cellulose and helps thicken the formula.

POTASSIUM SORBATE - Known as "the wine stabilizer" potassium sorbate is a natural, non-toxic, non-irritating, and non-sensitizing preservative used to extend shelf life and prevent contamination.

CITRIC ACID - A natural anti-fungal, citric acid works together with Potassium Sorbate to ensure product purity and extend shelf life.

Important: Do not use if safety seal is broken/missing. Should any irritation occur, discontinue use at once. Keep out of children's reach.

Naturals H₂O is a water based intimate lubricant, and is Sliquid's Original Formula and our most simple. H₂O is formulated to emulate the thickness and viscosity of your body's own natural moisture. Sliquid Naturals H₂O blends purified water and plant cellulose, derived from cotton, to create its slick texture, and is the most ideal formula for women with sensitivities. Sliquid Naturals H₂O, like all Sliquid products, does not contain any parabens, DEA, or sulfates, and is 100% vegan friendly. Naturals H₂O is perfect for use with all types of toys, and safe for all intimate activities.

*Created by sensitive women,
For sensible women.*
