

PURIFIED WATER - Nature's purest ingredient, purified H2O makes up 95% of this intimate lubricant.

PLANT CELLULOSE - Derived from cotton, our plant cellulose serves as a natural, vegan friendly & gluten free thickening agent that gives Sliquid it's glide.

CYAMOPSIS - Otherwise known as Guar conditioners, Cyamopsis is a natural product derived from the Guar bean that conditions the Plant Cellulose and helps thicken the formula.

NATURAL FLAVORING & ASPARTAME - Each Swirl formulation contains a hint of natural flavoring and a minute amount of aspartame to create a unique and light flavor.

POTASSIUM SORBATE - Known as "the wine stabilizer" potassium sorbate is a natural, non-toxic, non-irritating, and non-sensitizing preservative used to extend shelf life and prevent contamination.

CITRIC ACID - A natural anti-fungal, citric acid works together with Potassium Sorbate to ensure product purity and extend shelf life.

Important: Do not use if safety seal is broken/missing. Should any irritation occur, discontinue use at once. Keep out of children's reach.

Sliquid Naturals Swirl

Naturals Swirl is a group of flavored water based intimate lubricants, all glycerin and paraben free. Sliquid currently offers eight Swirl flavors; Cherry Vanilla, Green Apple Tart, Blue Raspberry, Pina Colada, Pink Lemonade, Strawberry Pomegranate, plus the newest additions, Blackberry Fig and Tangerine Peach. New flavor formulations are always under way, and we always encourage our customers to send us ideas that they would like to see. All Naturals Swirl formulations start with our original Naturals H2O water based glide with added natural flavoring and a hint of aspartame to sweeten. Our flavors are designed to be subtle, and are intended to enhance your taste, not disguise.

*Created by sensitive women,
For sensible women.*
