GUIDE

How To Use Your Hydro Rocket

Please use this visual guide in conjunction with the instructions on the following pages. This will allow you to utilise the maximum potential of your Hydro Rocket.

The Bathmate Hydro Rocket is a personal hygiene device, designed to be used in the shower as a compliment to your personal cleansing routine.

How To Use Your Hydro Rocket

1. Remove the nozzle and fill the bulb with water, for maximum comfort we recommend that the water is luke-warm.
 2. Replace the nozzle, ensuring that it is fully inserted into the bulb.
 3. Lubricate the nozzle using your Bathmate Lube.
 4. To discharge the water, gently squeeze the bulb until optimal flow is achieved.
- Repeat the process until preferred level of personal hygiene is achieved.

How To Clean and Maintain Your Hydro Rocket.

- Remove the nozzle.
- For maximum cleanliness we recommend the use of Bathmate Clean, a misting toy cleaner formulated specifically for use on latex, silicone and rubber.
- Spray the surface of your Hydro Rocket and rub it in using a damp cloth.
- Rinse with water and either stand upside down or hang to dry using the suction pad.

Warranty

The Bathmate Hydro Rocket is designed to provide many years of trouble free use. It is covered by a 2 year warranty against defective parts or poor workmanship. Full details of the warranty can be found at: www.bathmatedirect.com/support

In the unlikely event of a claim, DX Products Ltd reserves the right to request the return of the product as evidence of damage etc.

Warning

The Bathmate Hydro Rocket has been designed and manufactured using skin-safe and/or medical grade materials. Used sensibly and correctly the Hydro Rocket is a compliment to your personal hygiene routine. DX Products Ltd cannot accept any consequential liability for incorrect use.
