- 100% Recyclable packaging
- 100% Made in America

Love your Body!

ORGANIC ALOE BARBADENSIS LEAF JUICE (Aloe Vera Leaf Juice) is the juice from the leaves of the aloe vera plant, which makes the base ingredient for the Organics line of products. Aloe Vera has been used by people for centuries due to its natural lubricating and healing properties.

ORGANIC AGAR AGAR (from Red Algae) is a naturally occurring plant matter, used to create the body and thickness of the lubricant.

ORGANIC GUAR GUM is a non toxic and natural additive that enables the plant cellulose fiber to move and feel incredibly slippery, while stabilizing the formula.

CARRAGEENAN is a natural seaweed, and one of nature's most effective lubricants. It has also been shown to help prevent transmission of HPV in some studies.

ORGANIC NORI is a natural seaweed with moisturizing and revitalizing properties.

ORGANIC HIBISCUS & FLAX are added as restorative and healing emollients, restoring elasticity to the skin.

ORGANIC SUNFLOWER SEED is used as a cleansing and calming tonic.

CITRIC ACID (Citrus Fruits) is used as a natural antiseptic/astringent cleanser and preservative. It is combined with the smallest amount of **Potassium Sorbate**, which is a natural preservative that also works as an antifungal. The combination of these two keeps unwanted bacteria and mold away, and extends the shelf life.

Organics Oceanics Ingredients:

Organic Aloe Barbadensis Leaf Juice*, Organic Agar Agar, Carrageenan, Organic Nori, Organic Guar Gum, Organic Hibiscus Extract, Organic Flax Extract, Organic Green Tea Extract, Organic Sunflower Seed Extract, Potassium Sorbate, Citric Acid
