Let the air take you there

Melt into pleasure.

Pleasure Air™ surrounds the clitoris with soft, pulsating waves and gentle suction that feel unbelievably good. The gentle pulsations of air massage the clitoris without actually touching it, so you don't have to worry about overstimulation or numbing.

No matter the position, Melt is the perfect addition to your play.

The curved design fits perfectly between you in any position, for epic orgasms that bring you closer than ever. Enjoy Melt in a variety of positions to find the most intense pleasure.

Seamless control.

Use the We-Connect™ app for touchscreen controls and a completely fluid range of intensity levels to find the right sensation, in the moment.
