

Everything you could want in a wand

Wand is the most advanced massager ever: ultra-powerful, ergonomic design, responsive controls and long-distance connectivity that makes it the perfect fit to use together.

Seamless intensity levels

The one-touch intensity control acts like a dimmer switch, keeping you in the moment without distraction.

Smart Silence™

Smart Silence senses when Wand is close to you, turning the vibrations on and off for you.

Limitless possibilities

The perfect fit to use together or on your own, with an ergonomic shape, flexible head and playful attachments.

Playful accessories

Wand comes ready to play with two attachments – one fluttery and focused, the other smooth and stroking.

Connect with We-Connect™

The We-Connect app enables long distance connectivity, so you can play together, even if you're apart.
