

F1s Developer's Kit RED

LELO

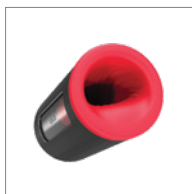

THE WORLD'S FIRST SEXTECH SDK

LELO is putting you in the driver's seat with this revolutionary developer's kit. In addition to being the world's most pleasurable male masturbator, F1s is an open-interface trainer equipped with 10 state-of-the-art sensors for real-time performance feedback through the LELO app. But what you do with that data is entirely up to you - download the iOS or Android SDK to build your own cybersex apps or connect to the virtual world, and let your imagination drive you wild.

BENEFITS

Open interface enables you to capitalize on sophisticated, industry-leading technology and shape the future of sex.

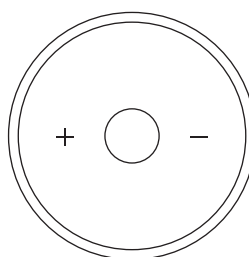

Connect your device to test drive the LELO app - control device settings as well as gain new insight into your performance.

The mind-blowing sensation of sonic waves and patented Cruise Control technology make F1s the ultimate act of self love.

Ultra-smooth and soft to the touch, F1s looks sleek on the outside and feels sexy on the inside.

Using the supplied USB charging cable, F1s Red can go wherever you go, and the smooth, waterproof design is easy to keep clean.

HOW TO USE:

Make sure F1s is unlocked by pressing and holding the + and - buttons together for 3 seconds until the light turns on.

Press the center button to turn on; Bluetooth pairing mode is indicated by all LEDs blinking. Press center button again to activate play mode - indicated by a quick pulse.

Press the - button to reduce vibration strength; press the + button to increase vibration strength.

Holding down the center button will turn off your F1s.
