Sync™ Couples Vibrator

No two bodies are the same. That's why We-Vibe® Sync™ can be adjusted to your unique shape. There are two adjustable points to better target the G-spot and clitoris with more or less pressure. Sync stays comfortably in place even as you change positions during sex.

HOW IT WORKS

Sync is worn during sex and provides dual stimulation to the G-spot and clitoris, while he can feel the vibrations too.

ADJUSTABLE FIT

Sync is adjustable to fit your unique body so you can feel the vibrations right where you want them. It's easy to adjust.

REMOTE

The remote can change vibration modes as well as the intensity in the moment. Either partner can use the remote and it works up to a distance of 3 meters.

WE-CONNECT™

The free We-Connect™ app allows you to play and control Sync from anywhere. Vibe to music with Beat mode or use Touch mode for real-time control at your fingertips.
